

News for Na Kilohana 'O Wahine – March, 2014

President's Message:

Aloha NKOW members:

We had a blast at the Lion King show! It was amazing to hear about what goes on backstage during the show from our speaker Mary Lewis, Production Manager of Blaisdell Center and Waikiki Shell. She also brought some awesome giveaways with her for those of us who answered Lion King trivia!

We have an eventful month planned for March! Don't miss our monthly meeting with speaker Gavin Iwai. We will learn about ocean safety and conservation, as we prepare to go whale watching on March 15th. Also, our fundraiser at Eleven44 is coming up on Tuesday, March 25th. I hope to see you all there for food, friends, and more fun!

Swim Safe and Enjoy the Beauty of the Sea

Those who attended the H-Bay clean-up last year may remember our host, Gavin Iwai. Gavin knows a lot about ocean safety since he works for the University of Hawaii's Sea Grant Hanauma Bay Education Program as the *E Mālama Hanauma's* Service-Learning / Stewardship Coordinator.

Gavin's interest in snorkeling and underwater photography fits perfectly into his work at Hanauma Bay. He truly sees the beauty of the sea and shares this through the lens of his camera. Come hear Gavin as well as see ocean life through his eyes. He will have a beautiful slide show as well as some photos to share.

The details for the meeting has been shared in the e-vite as well as the website.

Please continue to collect items for the upcoming garage sale. Details to be announced at the meeting.

Also don't forget whale watching on March 15th.

Note from editor: Apologies for abbreviated version of this newsletter. Travelling with just my tablet.
