"THE SUPERIOR OF MESSAGES"

NA KILOHANA O' WAHINE CHAPTER #6289 DISTRICT VI
Honolulu, Hawaii

Volume 1, Issue 5

March, 2011

President's Message

THE LEGACY OF ST. PATRICK

- St. Patrick's Day is celebrated on March 17, his religious feast day and the anniversary of his death in the fifth century.
- Saint Patrick is most known for driving the snakes from Ireland. It is true there are *no* snakes in Ireland, but there probably never have been!
- Corned beef and cabbage is the traditional St. Patrick's Day dish. Annually 41.5 billion pounds of U.S. beef and 2.6 billion pounds of cabbage are sold.
- The first St. Patrick's Day parade in the United States was on March 17, 1762 when Irish soldiers in the English military marched through New York City.
- There are 36.5 million U.S. residents with Irish roots. This is almost nine times the population of Ireland itself.
- St. Patrick is credited with the Leap Year tradition of women proposing to men. The story goes that St. Bridget complained that women were tired of waiting for marriage proposals. Bridget proposed to him, but he refused!

March – St. Patrick's Day Greetings...

Fashion Flair Capsules presented by Jean Gerstenberger brought much excitement to the meeting watching our very own Member Models strut their stuff! Thank you for your eager participation in that event. Now since we are heading in a greener direction for our Chapter, Alika Ferreira of Pono Solutions will speak to us and share some green tips to further help our environment and add some green to our pocketbooks, too! We will also be honored with our Irish by osmosis – Kelly – da Gloria one at our meeting. So, if you miss joining us at our Happy Hour on the 5th – she will be there on the 9th! Yea – she is our latest Farmville neighbor and so we get to keep in touch there, too!

Nominations for both our Woman of the Year and Top Ten Businesswoman Nominee will be taken at our meeting – be sure to review the criteria that Chair Iris Yafuso handed out (see pg. 5). Also, we are proud to announce that National accepted our sponsored candidate so come meet and congratulate the outright grant recipient and another new student member of our chapter – Anna will be at our meeting!

Time is quickly approaching for our March 12th garage sale – our biggest fundraiser planned for the year – get your closets cleared out. . . Progressive Dinner Plans are being set for March 19th – Chair Sharon Ito-Matsuo will be keeping us posted.

Keep Smiling!
Patti Ann Hokama

Purification Program: Lose Weight and Feel Great

I was hoping somebody else would call first, so I wasn't the one complaining again. I thought maybe I was being a big whiner or being ultra-sensitive. But I could not take it any longer. After much contemplation, I finally picked up the phone and asked for the building manager. I explained to him that the cleaning agents they were using were too strong, and after a prolonged inhalation, they may be carcinogenic. Our building cleaning people do a great job of keeping our condo clean; almost too clean. Places like the elevators have no ventilation, and when they use these strong cleaning agents, there is no place that the chemicals can dissipate. Every time I am in the elevator, I am breathing in the carcinogen in order to get to my home.

The body has three options when detoxifying toxins. It can bury them in body fat, deposit them in tissues, or remove them. Even if we are living a stress-free life, eating organic foods, working out every day, there is no escaping environmental toxins. So if we are drinking tap water, taking prescription drugs, eating processed foods, dining out, or overworking, then imagine the amount of toxins we may accumulate in our body over time.

If you are experiencing, fatigue, headaches, weight gain, insomnia, hormonal imbalance, joint pain, allergies, or anxiety, you may want to consider the purification program for the body. I am teaching a seminar on “Purification Program: Lose Weight and Feel Great” on **Tuesday, March 22nd at 6 pm**. I am honored and excited to teach this class that could potentially change your life. Call me with any questions 808-256-5900.
